

SUMMARY STATEMENT

State of Idaho v. John Joseph Delling, Docket No. 36920/36921

The Idaho Supreme Court upholds the constitutionality of I.C. § 18-207, which abolished the insanity defense in Idaho, and affirm the district court's denial of a motion to find otherwise. The Supreme Court also holds that the sentence imposed on Delling by the district court is reasonable and not an abuse of discretion.
