

SUMMARY STATEMENT

Ronald R. McCann v. William V. McCann, Jr., Docket No. 37547

This case is on appeal to the Idaho Supreme Court after the district court granted summary judgment against Ron McCann's claims for breach of fiduciary duties and dissolution of a corporation. The Supreme Court reversed and remanded both claims, holding that the breach of fiduciary duty claim is an individual claim not subject to written demand requirements, and that the alleged loss and inability to recover approximately \$600,000 satisfies the threatened irreparable injury element of the corporate dissolution statute.
